The TC Series carts are useful for holding and transporting items and tools in just about any environment.

Industrial 6" semi-pneumatic casters are puncture resistant and provide a cushioned ride, shock absorption, and smooth and quiet operation.

Whether you're in a warehouse, hospital, restaurant, and just about any outdoor environments, the semi-pneumatic casters can smoothly transport cargo – even on rough terrain like gravel or dirt.

- Multipurpose utility cart is ideal for serving, storage, gardening, warehouse use, and much more
- Shelves and legs are constructed with an injection molded thermoplastic resin
- 2.5" deep tub shelves
- Ergonomic push handle molded into top shelf
- Four 6" zinc-plated casters, two stationary and two swiveling with locking brakes
- 400 lbs. maximum weight capacity (evenly distributed)
