FP1000

HEIGHT ADJUSTABLE ROLLING TV STAND

Luxor's competitively priced FP1000 Height Adjustable Rolling TV Stand lets you effortlessly roll a large flat-screen TV between offices, classrooms, trade show booths, and more. The sturdy mount holds up to a 70" TV and adapts to various viewing environments with its adjustable height range of 48.4" to 68". Once in place, four locking casters keep the display stable and stationary. Featuring an attractive, modern design, all-metal construction, and a durable powder coat finish, the FP1000 will look great and provide dependable service for years to come.

Features:

- Accommodates flat panel TV screens from 32" to 70"
- Moves easily from room to room on smooth-rolling casters
- Locking casters hold stand steadily in place
- Slim, modern frame design for a clean look
- Convenient, push-button height adjustment
- Internal cable management to minimize cord clutter
- Ships ground
- Easy assembly
