

18 LAPTOP/CHROMEBOOK CHARGING CART

LLTP18-B

Conveniently store and charge up to 18 laptops or Chromebooks with Luxor's vertical charging station. This space saving charging cart is the perfect fit for your classroom or workspace while the locking front and rear access doors provide security for IT equipment when unattended. Two 9-outlet UL Listed vertical power strips keep devices fully charged while rubber-coated dividers provide protection when charging devices simultaneously. This mobile unit includes four 4" non-skid, full swivel casters, two with locking brakes, that easily glide across any floor surface. Constructed from durable steel, the LLTP18-B requires minimal assembly; simply attach the casters and ergonomic push handle and be ready to serve your school or office within minutes.

Dimensions:

- Overall (with handle) 25" W x 21.25" D x 39.75" H
- Shelves: 20" W x 16" D with 12" H of top clearance
