

STANDING DESK

CRANK ADJUSTABLE STUDENT DESK – SHORTER VERSION FOR LOWER GRADE LEVELS STUDENT-C-S

Research increasingly confirms the benefits of standing desks as the 21st century classroom revolutionizes itself for student wellness and individual learning stations. Understanding that young children have unique needs, Luxor has designed a sit/stand desk that accommodates the young child's height with desktops adjusting between 26" and 31.8" by means of a crank handle. Additionally, these shorter stand up desks have a designated space for pencils and a water bottle, while four casters, two with locking brakes, aid collaboration and promote classroom flexibility. Whether elementary students are sitting or standing, they can now experience the improved mental and physical benefits associated with standing desks that cater to their individual size requirements.

- Meets ANSI/BIFMA and CPSIA standards
- Height adjustable between 26" and 31.8"
- Crank handle neatly rests under desk or detaches for classroom management
- Convenient desktop pencil and water bottle holder
- Eliminates floor clutter with hook for book bag
- Four casters and two locking brakes provide classroom flexibility and collaboration
- Durable steel construction with high-pressure laminate surface
- Proven to increase student focus and ability to stay on task
- Quantity discounts and bid pricing available

Desk includes cup holder, backpack hook, pencil tray, and crank management hook.
