

STANDING DESK

PNEUMATIC ADJUSTABLE STUDENT DESK – SHORTER VERSION FOR LOWER GRADE LEVELS STUDENT-P-S

Designed specifically for the lower grade levels, Luxor's short version of their pneumatic adjustable height student standing desk allows young children to sit or stand comfortably throughout the school day. A pneumatic foot pedal easily adjusts the desk height between 26" and 32.3" while four casters, two with locking brakes, facilitate student collaboration and classroom flexibility. The generous desktop incorporates a placeholder for pencils and a water bottle as well as a hook to hang a backpack. Schools are turning to standing desks as studies show they aid student engagement and improve mental and physical health. Now the elementary grades can benefit from a sit/stand desk that meets their unique size requirements.

- Meets ANSI/BIFMA and CPSIA standards
- Height adjustable between 26" and 32.3"
- Proven to increase student focus and ability to stay on task
- Pneumatic foot pedal allows students the ease and freedom to move between standing and sitting
- Desktop conveniently holds pencils and water bottle; includes hook to hang book bags
- Four casters and two locking brakes provide classroom flexibility and promote collaboration
- Steel construction can withstand excessive use
- Quantity discounts and bid pricing available

The pneumatic pedal allows students to adjust the height without causing any classroom disruption. Desktop features a convenient pencil and cup holder.
