

MULTIPURPOSE UTILITY CART

HE38-B | HE38-G

UTILITY CART - TWO SHELVES STRUCTURAL FOAM PLASTIC

This multipurpose utility cart is just what you need in a serving or storage cart. It can handle tough, heavy cargo up to 400 lbs. since the shelves and legs are made from a strong, molded thermoplastic resin that won't scratch, stain, dent or rust. There's even a retaining lip on each shelf to keep items from sliding off. With rolling casters and a push handle molded into top shelf, you have secure control of the cart when moving it. And it's proudly made in the USA.

Dimensions:

- Overall: 32"W x 24"D x 34"H
- Clearance between shelves: 25"
